Subject: RE: Upcoming Key Dates - Bristol Bay

I wanted to clarify for folks yesterday what we will likely be doing at this point in the process. You or I could offer to this group that the transmittal of our comments on the PFEIS based on cooperating agency review would not be by letter, to clarify again.

Is there anything you want to add? If we're developing a schedule for OGC to share with Matt it may also be worthwhile to mention what form the EPA response will take. I say that because the 3(b) letter would likely have more involvement from Matt than the comments on the PFEIS. I don't know if we need to make that distinction now (you made it on the call yesterday) but I did want to raise it. (Not sure when Steve was meeting with Matt today so this may be moot)

Subject: Upcoming Key Dates - Bristol Bay

During the career leadership check-in meeting today, Steve suggested the Region provide upcoming key dates so OGC has that information available when the topic is raised to Matt tomorrow. Here is a list of those dates:

January 14: Technical meeting with the Corps and cooperating agencies on specific water treatment and modeling issues
February 7: Corps' release of PFEIS for cooperating agency 45 day comment period
February 28: Deadline for EPA 404 3(b) letter
Week of March 9: NEPA technical meetings
March 23: End of cooperating agency comment period on PFEIS

*The Corps has not identified the estimated date for release of the Final EIS.
